

Transformations in Health & Social Care Training:

A Journey Through the Core Skills Training Framework

WHAT'S HAPPENING IN HEALTH & SOCIAL CARE?

Government announcement

£50m

plans would help to recruit & retain people in the domestic care workforce

143,990
health & care worker visas were granted in the year ending September '23, more than double the **61,274** for the year to September '22

Q: WHAT IS THE CORE SKILLS TRAINING FRAMEWORK?

A: A set of mandatory training standards developed to ensure that all healthcare professionals in the UK have the essential skills & knowledge necessary to provide safe & high-quality care

9.9%

vacancy rate for social care workers

=

152,000
vacancies

WHO CREATED IT?

It was developed collaboratively by **Health Education England (HEE)**, **Skills for Health**, & **Skills for Care**, in consultation with various stakeholders including healthcare professionals, employers, & regulatory bodies

WHO CAN USE IT?

Any healthcare employer in the UK
